## **NATIONAL HAZING PREVENTION WEEK DOCUMENTARY AND WORKSHOP**

**Content Warning: For viewers watching this documentary, viewer discretion is advised due to the usage of real life footage of hazing, alcohol misuse, graphic photos of a crime scene, and the topic of death.** Programming Board is pleased to announce that this year's National Hazing Prevention Week will engage CSU F/S members in the screening of the 2017 "HAZE" documentary. The Gordie Center's documentary film *HAZE* tells Gordie's story and connects the dots between alcohol on campus and hazing. An updated version of the film was released on Gordie's birthday in 2018. The film shares the story of Gordie Bailey's 2004 death at the University of Colorado in Boulder from alcohol overdose caused by fraternity hazing. The updated film is 38 minutes long, and is intended to be used for interactive programs: a screening followed by a facilitated discussion. We will be facilitating a small workshop and interactive session after the documentary to reflect and discuss the film and the message behind it. We will send out the facilitator guide questions on the week of homecoming so teams are aware of the questions we will go over and discuss, and be prepared for them. Teams are expected to **stay the whole time** of the documentary **AND** workshop in order to receive full points. For more information on the documentary, click [here](#).
